

# Tender Notice for Trend Micro End-point and Mobile Security Solution Renewal

Date: May 03, 2020

## Objectives:

The Management of Meghna Bank Ltd. would like to renew the Trend Micro Endpoint and Mobile Devices, Security in order to achieve the following benefits:

- **Defend against Threats:** Take corrective action against malware, ransomware and other threats, both external and internal. Analyse malware’s digital footprint to fully understand and effectively defend against identified these threats.
- **Gain a centralized view:** View every network, endpoint and identify the applications (and potentially unwanted programs) that exist. Comprehensive dashboards provide IT with real-time information that shows where a threat came from, what the threat looks like, and where it went.
- **Receive timely security alerts:** IT will receive real-time notification of suspicious behaviours or policy violations. For example, alerts can be triggered the instant an employee accesses a specific website, downloads a suspicious file or launching malicious activity.

## Scope of Work:

Objective	In Scope Feature
